Considering a Certificate II in Horticulture (AHC20416)?

Would you like to have a career in horticulture or landscaping but don’t have any formal qualifications?

Enrol in the Certificate II in Horticulture with Worklinks...

This training is suitable for those wanting to work in horticulture and/or landscaping, home gardeners and sole traders, including handypersons, landscapers and gardeners. This nationally accredited course is delivered by industry experts and will teach you the fundamentals of:

- Planting trees and shrubs;
- Treating plant pests, diseases and disorders;
- Renovating grassed areas;
- Potting plants;
- Pruning shrubs and small trees;
- Laying paving;
- Installing aggregate paths and other aspects of horticulture/landscaping.

With a Certificate II you could obtain work or go on to complete a Certificate III through an apprenticeship or through further study.

You have the opportunity to complete the Certificate II in Horticulture. You will be supported with literacy and numeracy assistance where needed, to help you understand the key concepts that you will need to work in horticulture (area, volume, instructions, and safety documents).

2 days per week on-site training (Caboolture) with additional course work to be undertaken each week at your own pace in your own environment.

Cost: $60 per unit (subsidised concession)

$120 per unit (subsidised non-concession)
$300 per unit (full fee)
