CERTIFICATE III IN BUSINESS

**Build strong foundations & elevate
your career with the Cross-Industry
Business Skills Project**

The Project:

Unlock a world of possibilities for any industry with a Certificate III in Business and equip yourself with essential skills to thrive in a dynamic business environment. The Worklinks cross-industry business skills project is designed to enhance your abilities with a foundational qualification at **NO COST***.

Receive tailored support and enhance your success through personalised training plans and custom employment goals. Your trainer and employment support officer will work in tandem to develop your abilities through a mix of theory and practical skills, alongside work experience opportunities.

*** No cost to participants, as it is funded by QLD Government under Community Work Skills funding - subject to eligibility**

Community Work Skills is one of eight programs that make up the Queensland Government's Skilling Queenslanders for Work Initiative.

Worklinks RTO 30622 is a recognised training provider

Unlock Your Potential:

- **Develop Foundational skills**
